Series 3 - T-17A cavity, buna-N, cartridge seal kit
SERIES 3 / CAVITY: T-17A

sunhydraulics.com/model/990117007

Sun offers replacement seal kits for all cartridge models. These kits include all of the external seals on the cartridge along with installation instructions. Seal kits are available in Buna-N and Viton for all models, along with EPDM and polyurethane for many models. Please note: Converting the external seals from one material to another does not ensure fluid compatibility with that material due to the existence of internal seals within the cartridge.
